ARE YOU NOT AN SCRA MEMBER?

IF SO, then this is a complimentary copy. Our club is into almost every aspect of amateur radio: repeaters (13/73), Field Day, license classes (novice/upgrade), volunteer exams, RACES, DX programs, packet radio, hidden xmtr hunts -- you name it.

We invite you to attend our next monthly meeting (see below) or check into the SCARS net on the 146.13/73 repeater every Tues. night at 7 PM. You will hear the latest Westlink Amateur Radio news broadcast, SCRA announcements, and a Swap Shop. If you would like to join SCRA, please refer to the dues listed below. 73!

CLUB MEETINGS

7/7:30 PM first Wed each month. **June and July meetings to be at the EOC!**
NEXT CLUB MEETING: June 3, 1987
PROGRAM: ARRL Div. Director KB6ZV

Meetings open to all, member or not.
Dues are \$12/year, plus a one-time \$4 initiation fee. (Includes call sign/name badge.) Family membership: \$18.

THE PRESIDENT'S CORNER

Well, fellow hams, this is the last article before the SCRA FIELD DAY. Be sure to mark your calendar for June 27 and 28 and come to Ragle Ranch Park in Sebastopol and join in the fun of Field Day. Remember we have a challenge to beat REDX again this year, so let's make sure SCRA's name stays on the trophy for another year !!!!!!!!!!! BEAT REDX !!!!!!!!!!! For any other information concerning Field Day, please contact Gene W2EBG at 578-3104. [See article p 6 -ed.]

Remember that the club meeting will be held in the EOC for the months of June and July due to the construction at the Rotunda Room and Community Hospital. The Guest Speaker in June will be Rod Stafford KB6ZV, Pacific Division Director.

Thanks to Joel WB6PDP, a Novice class will be beginning June 8th and will run for 10 weeks. There will be two other Novice instructors, Don WA6ACX and Larry KF6WV. If you know of anyone interested in a Novice class, please have them contact Joel at 545-0285, Don at 829-0565, and Larry at 874-3018 for further info on Novice classes. A special thank you to these instructors.

A club member, Larry Shrefler N6ALV, has been a silent key since April 29, 1987.

On June 13, there will be a 200-mile bike-a-thon. It will begin at Dave's Bike shop on Yulupa and will wind its way through Bennett Valley, the Silverado trail, Hwy 128, near the Geysers, out thru Skaggs Springs Road, out to the coast & down Hwy 1. Then thru Bohemian Hwy through beautiful Downtown Graton and out Guerneville Rd & back to Santa Rosa. There will be 50 bikers. Rudy N6KLU plans on having several shifts. The bike-a-thon runs from approximately 5:30 AM until 10 PM, so if you can help, please call Rudy at 664-1978.

The club will be purchasing some magnetic emergency communications signs. These are white background with orange printing, and come in handy for walks, runs, parades, etc. Contact Al, N1AL at 538-7115 for

further information.

If anyone has any pictures of previous Field Days, please contact me at 544-1609. The club would like to borrow them for display.

That's all for this month so see you at Field Day and have a good month. 73's

**MINUTES OF THE GENERAL MEETING OF SCRA, APRIL 1, 1987**

Officers present: President Connie Freitas N6FYV, Vice President Russ O'Neill N6KMJ, Secretary Marie Mappus KI6QY, Treasurer Al Bloom N1AL, Members-at-Large Don Osborne WA6ACX and Brian Torr N6IHY, Repeater Chairman Hoppy Bravin WD6CKP, and Activities Chairman Lyle Meek WW6F.

The meeting was called to order by the President, kConnie Freitas N6FYV, at 7:30 PM.

Connie N6FYV announced that the June and July meetings of the SCRA would be held at the EOC rather than at the Community Hospital.

Jud KB6OYC made a motion to approve the April minutes as they appeared in Short Skip. This was seconded by Bob K6GEV.

Al N1AL gave the Treasurer's report. Revenue included \$268 from dues and initiations, \$36 from the sale of the old SCRA mimeograph machine, \$104 from advertising, and \$50 from other sources. Expenses were \$137 for Short Skip, \$54 for training and education and \$50 to RACES. Total revenue was \$458. Expenses were \$327. The General Fund had \$1349 on deposit and the Repeater Fund \$2129. Bill K6TCD made a motion to approve the Treasurer's report and Phil N6KZS seconded it.

Steve WA8LLY reported that the upgrade class had 8-10 people in it. One had already passed the General class test and the others were to do so shortly. He stated the need for a Novice class instructor.

Rudy N6KLU gave a report on the bike-a-thon held on April 26. He stated that the Santa Rosa Cycling kClub were very pleased with the assistance given them by the SCRA and expressed their appreciation for a job well done. A representative from the Healdsburg Chamber of Commerce was at the bike-a-thon, and based on what she saw, requested the SCRA to provide communications for their bike-a-thon in August.

The next events coming up are the Santa Rosa Rose Parade on May 16, the Moscow road run on June 7, and a 200-mile bike-a-thon on June 13. No events are presently scheduled for July. Rudy N6KLU also made a request for more members to participate in these activities.

Al N1AL, reporting on the packet system, stated that the crystals for the packet radio should arrive shortly. Rich KA6SSL has made a cabinet for the equipment. The transformer we received from Warren WB6RHP needs a power supply. The digipeater is to be placed on a Santa Rosa mountain. Al N1AL hopes to have packet working by the next club meeting.

Warren WB6RHP reported that the Council of Clubs has requested that each club put in \$1.00 per member toward a Scholarship Fund. The clubs are the Valley of the Moon, "91" repeater group, and the Coast Group. The funds were to go to a licensed High School Amateur Radio operator and could be administered either by the clubs themselves or else a Foundation could be designated to do it.

Warren WB6RHP made a motion that the SCRA join the other clubs in donating \$1 per member to the fund. This was seconded by Steve WA8LLY. Much discussion followed and the motion was then amended to include any student holding a Technician or higher license. This was seconded by Phil N6KZS. The motion was then presented to the club members and was passed by a majority vote.

The Repeater Chairman, Hoppy WD6CKP, stated that the problems with the repeater should be remedied shortly.

Bob WD6DPE reported that the RACES Board was working on a one-to-five year projection for the future course of RACES. Two committees were formed to work on this project.

OLD BUSINESS: Connie N6FYV stated that Gene W2EBG is still having a problem with the Parks Dept regarding insurance for the use of Ragle Park on Field Day. It is hoped that this problem can be resolved within the

next week. [Ed note: it was.]

Phil N600A announced that the speaker for June will be Rod Stafford.

Hank W6DTV announced that there would be an upgrade test in Sebastopol on May 23 1987. It will be at the Fire House and begins at 9:00 AM.

Jim Horn WB6SYN was the guest speaker for the evening's program. He gave a very interesting presentation on the flight of the Voyager. He had helped with the construction of the plane and had many interesting insights into what went on both during the building of the plane as well as during the flight itself. The presentation was enjoyed by all the members in attendance.

Don WA6ACX won the member badge prize. Dick Figuhr W6MHJ was drawn for the membership raffle. He was not in attendance and the amount of the raffle prize has now increased to \$58.90.

Russ N6KMJ made a motion to adjourn the meeting. It was seconded by Phil N6KZS. The meeting was adjourned at 9:40 PM.

Respectfully submitted by Marie Mappus KI6QY, Secretary.

AUTOPATCH CODES

Any club member who has not yet received the autopatch codes, and wants them, contact Al Bloom, 1578 Los Alamos Rd, Santa Rosa, CA 95405, 538-7115 (nites), 577-3981 (days). Autoslot applications are available from the same source.

DIGITAL DREAM MACHINE FOR THE BLIND

A recent letter to Handi-Hams from Peter Motyl K1PXE, a blind member, called the AEA PK-232 the "digital dream machine." With his Versabraille computer connected to the PK-232's RS-232 interface, he can now operate Packet, RTTY & AMTOR for the first time in his life.

Through the help of W2JUP, the PK-232 manual is now available on disk which can be down-loaded through Ampro onto Versabraille tapes or IBM/Apple computers. Any blind persons interested in trying these modes contact Peter Motyl K1PXE, 495 Milford Point Rd., Milford, CT 06460.

FIELD DAY 1987

Our Field Day this year will be at Ragle Ranch Park (Gazebo area) in Sebastopol. We should be there before 9:00 Saturday morning June 27 to help set up antennas. From Santa Rosa, take Hwy 12 West, go through Sebastopol and continue West on Bodega Ave. Go past "Marty's Top 'O The Hill" restaurant at the "top 'o the hill." Then turn right on Ragle Road. (Look for "Coach's Corner" exercise club on the corner.) Ragle Ranch is about 3/4 mile on the left.

For our picnic dinner Saturday evening, bring your favorite pot-luck dish. Also bring your own meat for the barbecue and eating utensils. The club will furnish the charcoal, barbecue grill and coffee.

The following members have agreed to be responsible for the set-up and operation of the station and equipment:

80 CW: Al N1AL, 75 Phone: Terry WA6RNF, 40 CW: Steve KD6GC, 20 CW: Gene W2EBG, Novice station to work 10M, 15M, or 80M: Bob KB6EOC.

Steve WA8LLY will make log sheets and do the stupendous job of duping.

Brian KE6WL will again furnish the RFI filters.

Warren WB6RHP will supply the tower.

Hoppy WD6CKP has the generator stored at his home and will have it purring for Field Day.

John W6CCY will be captain of the antennas -- If you have any antenna questions, John can answer them.

John WB6FRZ will help W6CCY to get the antennas out to the site.

Jim WN6D will try to organize some of the specialized modes to earn as many bonus points as possible. There are 7 ways to earn bonus points, all listed in QST, so if you can help, please call Jim.

Bob WD6DPE will bring the coffee, coffee pot and picnic condiments.

We need 3 or 3 barbecue grills. If you can furnish one, please call W2EBG.

There are a few stations not covered yet, and we need all of the

back-up rigs we can get.

We need all of the ideas and help that we can get, so if you have any ideas, please call W2EBG.

-- Gene W2EBG, Field Day Chairman
Phone 578-3104

OBSCENITY ON THE HAM BANDS, even by innuendo, is no longer acceptable on broadcast TV and radio. It is no longer acceptable on the ham bands as well. The new definition of obscenity results from the volume of complaints (20,000/year) received by FCC in recent years. (Westlink)

HAM GEAR EXEMPT FROM TARIFFS. The new retaliatory tariffs against certain Japanese products will not apply to ham radio gear. The higher prices you may see are due solely to the fall of the dollar. (ARRL)

4 MORE VEC'S HAVE BEEN DECERTIFIED bringing the total to 5. Reasons were inactivity or failure to file the proper paperwork. 21 VEC's remain with four (ARRL, W5YI, Central Alabama, Devry) doing 85% of the testing. (ARRL)

PHONE LINE RFI SUPPRESSORS designed to protect modems from RF signals run from \$30 from Electronic Specialists Inc, 171 S. Main St., PO Box 389, Natick, MA 01760. (Westlink)

Thanks to Westlink Report and ARRL Letter for the above info.

FUN ON A BEAUTIFUL DAY

On Sunday May 3rd, twenty of your fellow hams participated in a 100-mile bike-a-thon sponsored by the Santa Rosa Cycling Club. Over a thousand bicyclists took part in the event which started at 6:15 AM and ended at 6:00 PM.

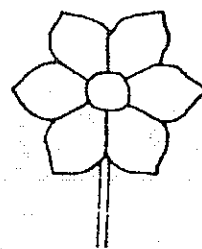

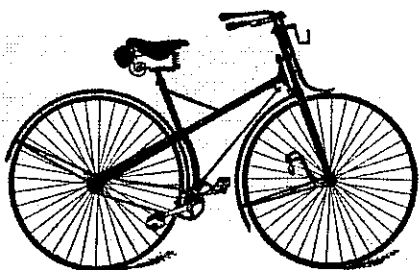

In past years, the SRCC attempted to conduct this bike-a-thon by telephone, bikers, etc. with questionable success. This year, with the hams assisting, SRCC officials considered the event well organized and in control. We were able to be on the spot to assist two injured bikers, to act as a safety patrol, to coordinate food deliveries, to keep track of the progress of the bikers, etc. The SRCC was, to say the least, very impressed with the assistance given them, and they have asked me to convey to you their gratitude as well as the gratitude of all the participants.

We have been asked to assist the SRCC again on June 13th with their 200 mile event. From observing the hams in action, the Healdsburg Chamber of Commerce has asked for our assistance with a 60-mile bike-a-thon scheduled for Saturday August 8, 1987.

I would like once again to add my personal thanks to the following who worked above and beyond the call of duty to make this event the success it was:

Don WA6ACX, Irma KF6FX, Hank W6DTV, Marie KI6QY, Hoppy WD6CKP, Phil N6KZS, Al KD6NT, Russ N6KMJ, Connie N6FYV, Bill W7KXB, Bob K6GEV, Phil N6OOA, John W6TLK, Harvey K6KZ, Ruth WA6AQA, Hans KI6PD, Warren WB6RHP, Betty AG6C, Bob KB6EOC.

73, Rudy N6KLU

**MORE FUN IN SANTA ROSA**

On Saturday May 16, eighteen amateur radio operators got up in the wee hours of the morning for a free 6 AM breakfast at Mac's Deli courtesy of the Santa Rosa JayCees. After breakfast, we assisted with the Luther Burbank Rose Parade in Santa Rosa. With over 200 very interesting and decorative entries, the parade started at 10 AM and ended at 1:30 PM. After the event was over, we were all invited to a buffet lunch on the third floor of the new Merrill Lynch Bldg.

We're sorry we missed you at the parade. Other exciting events are coming up in the months ahead. Why not join us? If you're willing, give me a call at 664-1978. The next event for which we need volunteers is a 200 mile bike-a-thon on Saturday June 13. This event will start at 6:00 AM and end at 10:00 PM. The shifts will be staggered throughout the day.

Again many thanks to those who so ably assisted with the Rose Parade:

Connie N6FYV, Hoppy WD6CKP, Marie KI6QY, Wilbur N6MGY, Dale N6MRV, Phil N6OOA, Bart KA6HGW, Harvey K6KZ, Jim WB6PER, Bob WB6EKV, Glenn N6DNB, John KB6NVJ, Candy N6NSG, Ken N6GXI, Georgia N6GZU, Jane N6NTB, Bob KB6EOC.

-- Rudy N6KLU

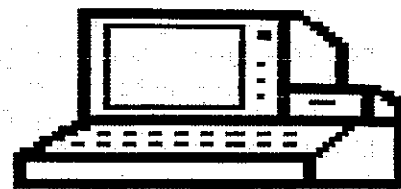

MORE HAMS AT HP

The Rohnert Park Hewlett-Packard ham club now has its club station together. The equipment is very similar to the Santa Rosa HP site: ICOM 735 and a 6-band vertical for HF, Kenwood 2550 and a KLM 4-el beam for 2 meter FM.

EDITORIAL

At the ARRL National Convention in San Diego last September, I attended a Forum on Education and Training presented by ARRL Training Manager John Foss W7KQW. A lively topic in our hobby these days is: "How do we attract newcomers into Amateur Radio?" And how do you keep them interested once you do get them into a Novice class?

John had an astonishing answer: "Tell them about the opportunities for Public Service in Ham Radio." Public Service??? It occurred to me that Mr. Foss might be just a little out of touch with reality, sitting in his ivory tower office somewhere in Newington, CT. Everybody knows that Public Service is something you have to shame people into doing: It's certainly not something to use to sell people on Amateur Radio!

Well, I'm becoming a believer. We made a drive this year to have every new and renewing member fill out an application form. This gave each member the opportunity to check one or more of the "Would Like to Become Involved With:" boxes on the form. Surprise! "RACES or ARES emergency services" won by a landslide: 44 responses out of the 107 applications received. In second place was "Public Service Events" with 30 responses. The other categories were far down the list: "Social Events" 19, "Taking Upgrade Classes" 15, "Mini-DXpeditions" 13, "Packet Radio" 11, "Repeater Committee" 10, with the rest all less than 10.

The recent RACES hospital drill here in Sonoma Co drew approximately 30-40 hams. This was for an event that the County pulled out of at the last minute from lack of interest & preparation among the professional emergency agencies.

Every time we try to "shame" people into participating, we imply to them that Public Service is something unpleasant. In fact, it is a very rewarding aspect of Amateur Radio, as those who help out with the races, walkathons, parades, and emergency and training events will attest.

If you would like to help out, check into the next RACES net June 1 or 15 at 7:30 PM on 146.73 to find out how to get involved.

 ARE YOU PREPARED?

Are you prepared to survive the first 72 hours after an earthquake? This is the period when food, water and electricity will be cut off. Transportation services will be impaired or not available, and up to 165,000 people will be injured -- that's enough people to fill EVERY available hospital bed in the FREE WORLD!!

Why does this apply to you? Well, you have an obligation to help the community in a major disaster operation, and you will need to be prepared for the possibility that whatever supplies you now have will have to last you for up to 3 days. If you cannot respond, our ability to provide emergency communications to the public will be severely damaged.

What can you do? Review your personal disaster plan... Make sure that it is up-to-date. Inventory your emergency supplies. Check your station to make sure it is secure from the violent shaking forces that an earthquake will bring. Check with your emergency coordinators and offer your help. Above all, be prepared! California is earthquake country; you owe it to yourself, your loved ones, and your community to be ready.
